TRIPURARI GUPTA

7525894554 · gtripurari784@gmail.com · https://www.linkedin.com/in/tripurarigupta/

PROFESSIONAL SUMMARY

Machine Learning Engineer building production-ready models with Python, PyTorch, and scikit-learn. Develops NLP, recommendation, and predictive features, then packages them through FastAPI for deployment. Bridges model development, API design, and database integration with PostgreSQL and SQLAlchemy.

WEBSITES, PROFILES

https://www.linkedin.com/in/tripurarigupta/

https://github.com/tripurarigupta

https://bookmind-books.vercel.app

SKILLS

Languages: Python, SQL, JavaScript
ML/DL/NLP: PyTorch, scikit-learn, NLP, Machine Learning, Deep Learning, Recommendation Systems
Backend: FastAPI, REST APIs, SQLAlchemy
Database: PostgreSQL
Frontend: React, Vite
Tools: Git, GitHub

EDUCATION

MCA , Expected in 05/2027
MES IMCC- Pune, India

- 7.98 CGPA

BSc. CS: 05/2025
Shree LR Tiwari Degree College – Mumbai, India

- 7.21 CGPA

PROJECTS

BookMind AI

·Built an AI-powered book recommendation platform using TF-IDF and cosine similarity.
·Developed FastAPI backend with JWT authentication and PostgreSQL.
·Designed REST APIs using SQLAlchemy ORM.
·Built React frontend and deployed on Vercel.,
·GitHub: https://github.com/tripurarigupta/BookMind-AI

Fake News Detection

·Developed ML and Deep Learning models for fake news classification using scikit-learn and PyTorch.
·Implemented TF-IDF based preprocessing and classification pipeline.
